

PDCR008 - Perfect Feet - Foot Salts with 40% Urea

Safety Data Sheet

According to Annex II to REACH - Regulation (EU) 2020/878 and to Annex II to UK REACH

SECTION 1. Identification of the substance/mixture and of the company/undertaking

1.1. Product identifier

Code: PDCR008
Product name: Perfect Feet - Foot Salts with 40% Urea

1.2. Relevant identified uses of the substance or mixture and uses advised against

Intended use: Cosmetic product

1.3. Details of the supplier of the safety data sheet

Name: PASSIONE BEAUTY S.P.A.
Full address: Viale Crispi 89-93
District and Country: 36100 Vicenza (VI) Italia
Tel.: +39 0444-239569
e-mail address of the competent person responsible for the Safety Data Sheet: quality@pucosmetica.it

1.4. Emergency telephone number

For urgent inquiries refer to: +39 0444-239569

SECTION 2. Hazards identification

2.1. Classification of the substance or mixture

The product is classified as hazardous pursuant to the provisions set forth in (EC) Regulation 1272/2008 (CLP) (and subsequent amendments and supplements). The product thus requires a safety datasheet that complies with the provisions of (EU) Regulation 2020/878.

Any additional information concerning the risks for health and/or the environment are given in sections 11 and 12 of this sheet.

Hazard classification and indication:

Skin sensitization, category 1	H317	May cause an allergic skin reaction.
Hazardous to the aquatic environment, acute toxicity, category 1	H400	Very toxic to aquatic life.
Hazardous to the aquatic environment, chronic toxicity, category 1	H410	Very toxic to aquatic life with long lasting effects.

2.2. Label elements

Hazard labelling pursuant to EC Regulation 1272/2008 (CLP) and subsequent amendments and supplements.

Hazard pictograms:

Signal words: Warning

Hazard statements:

H317	May cause an allergic skin reaction.
H410	Very toxic to aquatic life with long lasting effects.

Precautionary statements:

P280	Wear protective gloves.
P273	Avoid release to the environment.

PDCR008 - Perfect Feet - Foot Salts with 40% Urea

SECTION 2. Hazards identification ... / >>

P391	Collect spillage.
P261	Avoid breathing dust / fume / gas / mist / vapours / spray.
P333+P313	If skin irritation or rash occurs: Get medical advice / attention.
P362+P364	Take off contaminated clothing and wash it before reuse.

Contains:	CITRONELOL
	Citral
	LIMONENE

2.3. Other hazards

On the basis of available data, the product does not contain any PBT or vPvB in percentage $\geq$ than 0,1%.

The product does not contain substances with endocrine disrupting properties in concentration $\geq$ 0.1%.

SECTION 3. Composition/information on ingredients

3.2. Mixtures

Contains:

Identification	x = Conc. %	Classification (EC) 1272/2008 (CLP)
LIMONENE INDEX	$0,809 \leq x < 0,909$	Flam. Liq. 3 H226, Skin Irrit. 2 H315, Skin Sens. 1 H317, Aquatic Acute 1 H400 M=1, Aquatic Chronic 1 H410 M=1, Classification note according to Annex VI to the CLP Regulation: C
EC CAS 138-86-3 Citral INDEX	$0,1 \leq x < 0,15$	Skin Irrit. 2 H315, Skin Sens. 1 H317
EC CAS 5392-40-5 CITRONELOL INDEX	$0,1 \leq x < 0,15$	Eye Irrit. 2 H319, Skin Irrit. 2 H315, Skin Sens. 1 H317
EC CAS 106-22-9		

The full wording of hazard (H) phrases is given in section 16 of the sheet.

SECTION 4. First aid measures

4.1. Description of first aid measures

4.1.1. General information

In the event that contact, use or manipulation of the product causes symptoms that require immediate help, follow the instructions below depending on the type of exposure.

4.1.2. Following inhalation

Move the subject to fresh air. If breathing is difficult, call a doctor immediately.

4.1.3. Following contact with skin

Take off contaminated clothing. Wash immediately and abundantly with water. If symptoms of irritation or other type of skin reaction persist, consult a doctor.

4.1.4. Following contact with eyes

Remove any contact lenses. Wash immediately and abundantly with water with eyelids open. If symptoms persist irritation consult a doctor.

4.1.5. Following ingestion

In any case it is best to consult a doctor. Only on medical advice induce vomiting. Do not administer anything orally if the subject is not conscious and unless authorized by the doctor.

4.1.6. Self-protection of those providing first aid

No specific information

4.2. Most important symptoms and effects, both acute and delayed

4.2.1. Symptoms

See section 11 (Toxicological information)

PDCR008 - Perfect Feet - Foot Salts with 40% Urea**SECTION 4. First aid measures ... / >>**

4.2.2. Effects

See section 11 (Toxicological information)

4.3. Indication of any immediate medical attention and special treatment needed

4.3.1. Information for the doctor

Information not available

4.3.2. Special treatments

Information not available

SECTION 5. Firefighting measures**5.1. Extinguishing media**

5.1.1. Suitable extinguishing media

In general, all the most common extinguishing media are suitable: carbon dioxide, foam, powder, water spray.

5.1.2. Unsuitable extinguishing media

No details.

5.2. Special hazards arising from the substance or mixture

5.2.1. Hazardous combustion products

However, avoid breathing combustion gases.

5.3. Advice for firefighters

5.3.1. Advice for firefighters

Cool the containers with water to avoid any decomposition of the product with the development of potentially dangerous substances health.

Wear the full fire-fighting equipment provided.

If possible, collect the extinguishing water and prevent it from reaching sewers and other waterways.

SECTION 6. Accidental release measures**6.1. Personal precautions, protective equipment and emergency procedures**

6.1.1. For general staff

Wear appropriate protective equipment (see also Section 8 of the SDS) to prevent inhalation, contact with skin and eyes and contamination of clothing.

6.1.2. For emergency workers

Wear appropriate protective equipment (see also Section 8 of the SDS) to prevent inhalation, contact with skin and eyes and contamination of clothing.

6.2. Environmental precautions

6.2.1. Environmental precautions

Prevent the product from entering sewers, surface waters and groundwater.

6.3. Methods and material for containment and cleaning up

6.3.1. For containment

Collect any spilled product with mechanical means (if the product is flammable, use means with an anti-spark device) and place it in suitable containers for recovery and disposal. Evaluate the compatibility of the container to be used with the product by checking Section 10.

6.3.2. For reclamation

Absorb the remaining product with inert absorbent material. Provide sufficient ventilation of the area affected by the leak.

Check for any incompatibilities for the container material in Section 7. Disposal of contaminated material must be carried out in accordance with the provisions of Section 13.

6.3.3. More information

No specific information

6.4. Reference to other sections

6.4.1. Reference to other sections

For safe handling see Section 7.

For waste treatment see Section 13.

For exposure controls see Section 8.

PDCR008 - Perfect Feet - Foot Salts with 40% Urea

SECTION 7. Handling and storage

7.1. Precautions for safe handling

7.1.1. General protection measures

Handle the product after consulting all other sections of this safety data sheet. Avoid dispersion of the product in the environment. Do not eat, drink or smoke during use. Avoid improper contact with eyes and skin. Do not inhale any vapors or dust.

7.1.2 - Measures for fire prevention

If the product is flammable, handle it ensuring an adequate earthing system for systems and people.

7.1.3 - Measures to prevent the generation of aerosols and dust

No specific information

7.1.4. Environmental protection measures

Always avoid dispersing the product into the environment. Keep containers tightly closed.

7.1.5. Professional hygiene recommendations

Do not eat, drink or smoke during use. Remove any contaminated clothing. Wash your hands at every break from work and after work.

7.2. Conditions for safe storage, including any incompatibilities

7.2.1. Technical measures and storage conditions

Store in a cool place if possible, away from direct light and sources of ignition if the product is flammable.

7.2.2. Containers

Store the product in the original containers, reclaiming them carefully after use. If the product is transported into other containers, ensure that the same labeling as the original containers is affixed.

7.2.3. Requirements for storage rooms and containers

Store in a ventilated and cool place. If the product is flammable, keep away from sources of ignition. If materials incompatible with the product are indicated (see Section 10 of this SDS), store containers away from such materials.

7.3. Specific end use(s)

7.3.1. Recommendations

No specific information

7.3.2. Solutions for specific industrial sectors

No specific information

SECTION 8. Exposure controls/personal protection

8.1. Control parameters

Information not available

8.2. Exposure controls

As the use of adequate technical equipment must always take priority over personal protective equipment, make sure that the workplace is well aired through effective local aspiration.

When choosing personal protective equipment, ask your chemical substance supplier for advice.

Personal protective equipment must be CE marked, showing that it complies with applicable standards.

Provide an emergency shower with face and eye wash station.

HAND PROTECTION

Protect hands with category III work gloves.

The following should be considered when choosing work glove material (see standard EN 374): compatibility, degradation, failure time and permeability.

The work gloves' resistance to chemical agents should be checked before use, as it can be unpredictable. The gloves' wear time depends on the duration and type of use.

SKIN PROTECTION

Wear category II professional long-sleeved overalls and safety footwear (see Regulation 2016/425 and standard EN ISO 20344). Wash body with soap and water after removing protective clothing.

EYE PROTECTION

Wear airtight protective goggles (see standard EN ISO 16321).

RESPIRATORY PROTECTION

Respiratory protection devices must be used if the technical measures adopted are not suitable for restricting the worker's exposure to the threshold values considered. Use a mask with a type B filter whose class (1, 2 or 3) must be chosen according to the limit of use concentration. (see standard EN 14387).

If the substance considered is odourless or its olfactory threshold is higher than the corresponding TLV-TWA and in the case of an emergency, wear open-circuit compressed air breathing apparatus (in compliance with standard EN 137) or external air-intake breathing apparatus (in compliance with standard EN 138). For a correct choice of respiratory protection device, see standard EN 529.

ENVIRONMENTAL EXPOSURE CONTROLS

The emissions generated by manufacturing processes, including those generated by ventilation equipment, should be checked to ensure compliance with environmental standards.

PDCR008 - Perfect Feet - Foot Salts with 40% Urea

Product residues must not be indiscriminately disposed of with waste water or by dumping in waterways.

SECTION 9. Physical and chemical properties

9.1. Information on basic physical and chemical properties

Properties	Value	Information
Appearance	solid	
Colour	white	
Odour	characteristic	
Melting point / freezing point	not available	
Initial boiling point	not available	
Flammability	not available	
Lower explosive limit	not available	
Upper explosive limit	not available	
Flash point	> 60 °C	
Auto-ignition temperature	not available	
Decomposition temperature	not available	
pH	7,00-7,50	
Kinematic viscosity	not available	
Solubility	not available	
Partition coefficient: n-octanol/water	not available	
Vapour pressure	not available	
Density and/or relative density	1,800-0,00185 g/l	Temperature: 20 °C
Relative vapour density	not available	
Particle characteristics	not applicable	

9.2. Other information

9.2.1. Information with regard to physical hazard classes

Information not available

9.2.2. Other safety characteristics

Information not available

SECTION 10. Stability and reactivity

10.1. Reactivity

There are no particular dangers of reaction with other substances under normal conditions of use and storage

10.2. Chemical stability

The product is stable under normal conditions of use and storage

10.3. Possibility of hazardous reactions

Dangerous reactions are not foreseeable under normal conditions of use and storage

10.4. Conditions to avoid

Nothing particular: however, follow the fundamental precautions for chemical products.

10.5. Incompatible materials

Information not available

10.6. Hazardous decomposition products

Information not available

PDCR008 - Perfect Feet - Foot Salts with 40% Urea

SECTION 11. Toxicological information

11.1. Information on hazard classes as defined in Regulation (EC) No 1272/2008

Metabolism, toxicokinetics, mechanism of action and other information

Information not available

Information on likely routes of exposure

Information not available

Delayed and immediate effects as well as chronic effects from short and long-term exposure

Information not available

Interactive effects

Information not available

ACUTE TOXICITY

ATE (Inhalation) of the mixture:

Not classified (no significant component)

ATE (Oral) of the mixture:

Not classified (no significant component)

ATE (Dermal) of the mixture:

Not classified (no significant component)

SKIN CORROSION / IRRITATION

Does not meet the classification criteria for this hazard class

SERIOUS EYE DAMAGE / IRRITATION

Does not meet the classification criteria for this hazard class

RESPIRATORY OR SKIN SENSITISATION

Sensitising for the skin

GERM CELL MUTAGENICITY

Does not meet the classification criteria for this hazard class

CARCINOGENICITY

Does not meet the classification criteria for this hazard class

REPRODUCTIVE TOXICITY

Does not meet the classification criteria for this hazard class

STOT - SINGLE EXPOSURE

Does not meet the classification criteria for this hazard class

STOT - REPEATED EXPOSURE

Does not meet the classification criteria for this hazard class

ASPIRATION HAZARD

Does not meet the classification criteria for this hazard class

11.2. Information on other hazards

Based on the available data, the product does not contain substances listed in the main European lists of potential or suspected endocrine disruptors with human health effects under evaluation.

PDCR008 - Perfect Feet - Foot Salts with 40% Urea

SECTION 12. Ecological information

This product is dangerous for the environment and highly toxic for aquatic organisms. In the long term, it have negative effects on aquatic environment.

12.1. Toxicity

Information not available

12.2. Persistence and degradability

Information not available

12.3. Bioaccumulative potential

Information not available

12.4. Mobility in soil

Information not available

12.5. Results of PBT and vPvB assessment

On the basis of available data, the product does not contain any PBT or vPvB in percentage $\geq$ than 0,1%.

12.6. Endocrine disrupting properties

Based on the available data, the product does not contain substances listed in the main European lists of potential or suspected endocrine disruptors with environmental effects under evaluation.

12.7. Other adverse effects

Information not available

SECTION 13. Disposal considerations

13.1. Waste treatment methods

Reuse, when possible. Product residues should be considered special hazardous waste. The hazard level of waste containing this product should be evaluated according to applicable regulations.

Disposal must be performed through an authorised waste management firm, in compliance with national and local regulations.

CONTAMINATED PACKAGING

Contaminated packaging must be recovered or disposed of in compliance with national waste management regulations.

SECTION 14. Transport information

The product is not dangerous under current provisions of the Code of International Carriage of Dangerous Goods by Road (ADR) and by Rail (RID), of the International Maritime Dangerous Goods Code (IMDG), and of the International Air Transport Association (IATA) regulations.

14.1. UN number or ID number

not applicable

14.2. UN proper shipping name

not applicable

14.3. Transport hazard class(es)

not applicable

14.4. Packing group

not applicable

PDCR008 - Perfect Feet - Foot Salts with 40% Urea

SECTION 14. Transport information ... / >>

14.5. Environmental hazards

not applicable

14.6. Special precautions for user

not applicable

14.7. Maritime transport in bulk according to IMO instruments

Information not relevant

SECTION 15. Regulatory information

15.1. Safety, health and environmental regulations/legislation specific for the substance or mixture

Seveso Category - Directive 2012/18/EU: E1

Restrictions relating to the product or contained substances pursuant to Annex XVII to EC Regulation 1907/2006

Product

Point 3 - 40

Regulation (EU) 2019/1148 - on the marketing and use of explosives precursors

not applicable

Substances in Candidate List (Art. 59 REACH)

On the basis of available data, the product does not contain any SVHC in percentage $\geq$ than 0,1%.

Substances subject to authorisation (Annex XIV REACH)

None

Substances subject to exportation reporting pursuant to Regulation (EU) 649/2012:

None

Substances subject to the Rotterdam Convention:

None

Substances subject to the Stockholm Convention:

None

Healthcare controls

Workers exposed to this chemical agent must not undergo health checks, provided that available risk-assessment data prove that the risks related to the workers' health and safety are modest and that the 98/24/EC directive is respected.

15.2. Chemical safety assessment

A chemical safety assessment has not been performed for the preparation/for the substances indicated in section 3.

SECTION 16. Other information

Text of hazard (H) indications mentioned in section 2-3 of the sheet:

Flam. Liq. 3	Flammable liquid, category 3
Eye Irrit. 2	Eye irritation, category 2
Skin Irrit. 2	Skin irritation, category 2
Skin Sens. 1	Skin sensitization, category 1
Aquatic Acute 1	Hazardous to the aquatic environment, acute toxicity, category 1
Aquatic Chronic 1	Hazardous to the aquatic environment, chronic toxicity, category 1
H226	Flammable liquid and vapour.
H319	Causes serious eye irritation.
H315	Causes skin irritation.
H317	May cause an allergic skin reaction.
H400	Very toxic to aquatic life.
H410	Very toxic to aquatic life with long lasting effects.

Note for users:

The information contained in the present sheet are based on our own knowledge on the date of the last version. Users must verify the

PDCR008 - Perfect Feet - Foot Salts with 40% Urea

suitability and thoroughness of provided information according to each specific use of the product.

This document must not be regarded as a guarantee on any specific product property.

The use of this product is not subject to our direct control; therefore, users must, under their own responsibility, comply with the current health and safety laws and regulations. The producer is relieved from any liability arising from improper uses.

Provide appointed staff with adequate training on how to use chemical products.

CALCULATION METHODS FOR CLASSIFICATION

Chemical and physical hazards: Product classification derives from criteria established by the CLP Regulation, Annex I, Part 2. The data for evaluation of chemical-physical properties are reported in section 9.

Health hazards: Product classification is based on calculation methods as per Annex I of CLP, Part 3, unless determined otherwise in Section 11.

Environmental hazards: Product classification is based on calculation methods as per Annex I of CLP, Part 4, unless determined otherwise in Section 12.
